His occupation is that of an Overseer. He saye: 'I had suffered from Gall Stones for a long time, and at last, after most severe treatment, was relieved of them, but was left in a very weak and worn out condition. Although free from the Gall Stones, I suffered greatly from rectal trouble, gas in stomach, bad tasts in the mouth, and siseplement. Moreover, I was becoming terribly constituted. Then I was persuaded to try Sanalt. A very short treatment brought me great relief. The action of stomach and bowels become regular. I gained strength, and friends noted I was much more chearful, and that my complexion had improved. Now, after two bottles of Sanalt, I seem to be in a generally first-class condition. I have recommended Sanalt to a number of my friends who have used it for stomach, for bowel trouble and esportally for blood treatment.
